

TABLE FOR TWO

OUR MISSION

In our world of 7 billion, 1 billion are hungry, while a roughly equal number suffer from obesity, diabetes and other health issues related to “overnutrition.” TABLE FOR TWO rights this global food imbalance by addressing these opposing issues through a unique “calorie transfer” model.

HOW IT WORKS

TABLE FOR TWO (TFT) partners with corporations, schools, restaurants and consumer products, designating a healthy, slightly low calorie “TFT meal.” The reduced calories are monetized and the equivalent of US\$0.25 per meal is donated to provide one school meal in East Africa, Southeast Asia and other regions in need.

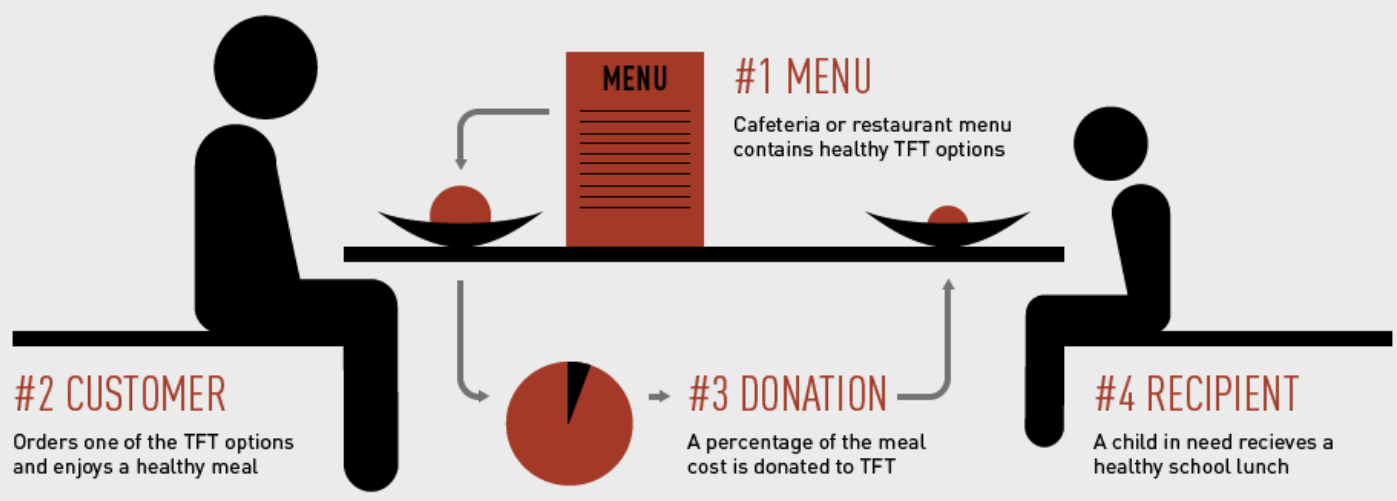

TABLE FOR TWO SINCE 2007

Since our inception in 2007, TFT has grown by leaps and bounds. We will continue our global outreach so that one day, TFT will be synonymous with healthy eating and contribution through food.

2008 LAUNCH OF CAFETERIA PROGRAM

TFT's concept was conceived in 2007, with our first trial participants and nonprofit registration. The cafeteria program began in earnest in 2008. With the start of the metabolic syndrome check-up requirement in Japan, TFT takes off.

2009 START OF WORLD FOOD DAY CAMPAIGN

October 16th is World Food Day. We launched our “1 Million Itadaki-masu” campaign to serve 1 million TFT meals and just as many school meals. The campaign spurred restaurants and retail stores to adopt the TFT program.

2010 EXPANSION OF SCHOOL MEAL PROGRAM

With the program growing in Japan, we were able to expand our school meal program to Ethiopia and Tanzania. We started our first school garden program.

2011 TFT@HOME

TFT@Home allows you to participate from the comfort of your home. Programs include a recipe book full of TFT meals, an iPhone app to track your diet, and Rakuten Recipe, which sends donations for every healthy recipe uploaded.

2012 FROM JAPAN TO THE WORLD

The social enterprise founded in Japan expands globally. Local teams were assembled in places like the U.S., Norway, and Hong Kong, getting ready for the global launch.

2013 LAUNCH OF THE SUPPORT IN MYANMAR

TFT started supporting school garden programs in Myanmar as the first program in Southeast Asia to create greater access to quality food and improving the food production system.

TABLE FOR TWO PROGRAM

- Implementation at corporate cafeterias, restaurants and various occasions -

The TFT program has been adopted by over 700 partners globally, including participants in Japan, the U.S., Saudi Arabia, the U.K., Norway, Hong Kong.

CORPORATE CAFETERIAS EFFECTIVE & HIGHLY VISIBLE CSR

Enables employees and customers to easily participate and contribute to a cause within their daily lives.

SCHOOL CAFETERIAS STUDENTS LEAD THE WAY

Students from elementary school through university can gain hands-on experience growing a social business and performing community service.

RESTAURANTS

Connect with customers by promoting healthy options that feel and taste good!

GROCERY STORES

Healthy snacks and to-go meals designated as TFT available at grocery stores.

VENDING MACHINES

In response to demand for TFT outside the cafeteria, we introduced TFT vending machines, serving healthy meals and snacks.

INTERNET MAIL-ORDER

Participate in TFT from the comfort of your home! Oisix carries TFT products ranging from mineral water to vegetable juice, tofu and bagels.

RECIPE SITE

One healthy recipe uploaded onto the Rakuten Recipe website - a platform for sharing recipes - translates into a one meal donation.

ON THE OTHER SIDE OF THE TABLE

- Healthy and nutritious meals for children in sub-Saharan Africa, Southeast Asia and the U.S. -

AFRICA

TRANSFORMING EDUCATION AND THE COMMUNITY

The US\$ 0.25 donation is used to provide one school meal in 5 countries in East Africa, including Ethiopia, Uganda, Rwanda, Kenya and Tanzania. The meals are nutritionally balanced, with a staple starch, local vegetables and a source of protein. School meals transform education by keeping students in school, encouraging the community to prepare school lunches and stimulating the local economy through the purchase of local produce.

ASIA

CREATING CHANGE IN MYANMAR AND THE PHILIPPINES

TFT meals are now served at school in Myanmar and the Philippines. In addition to the nutritious meals, the program includes an educational component through the support of school gardens. TFT meals are also served in rural China.

NORTH AMERICA

PROVIDING HEALTHIER SCHOOL LUNCHES

Roughly 50 million Americans live in food insecure households, including 16.7 million children. TFT USA launched a program to help bring healthy meals to underserved schools in the U.S. The US\$0.25 donation allows schools to provide a much healthier alternative to the traditional school lunch.

ACCOMPLISHMENTS

- Healthy meals brought to both sides of the table -

Number of meals shared to date (as of December 31st, 2014)

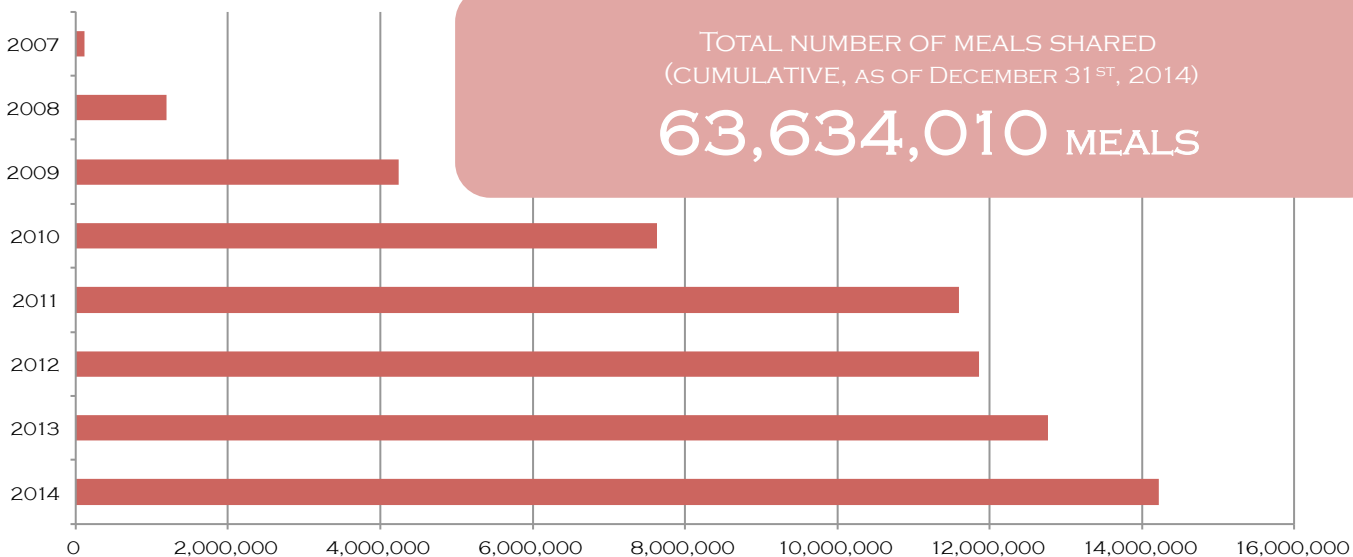

TABLE FOR TWO AROUND THE WORLD

- Global expansion of the TFT program -

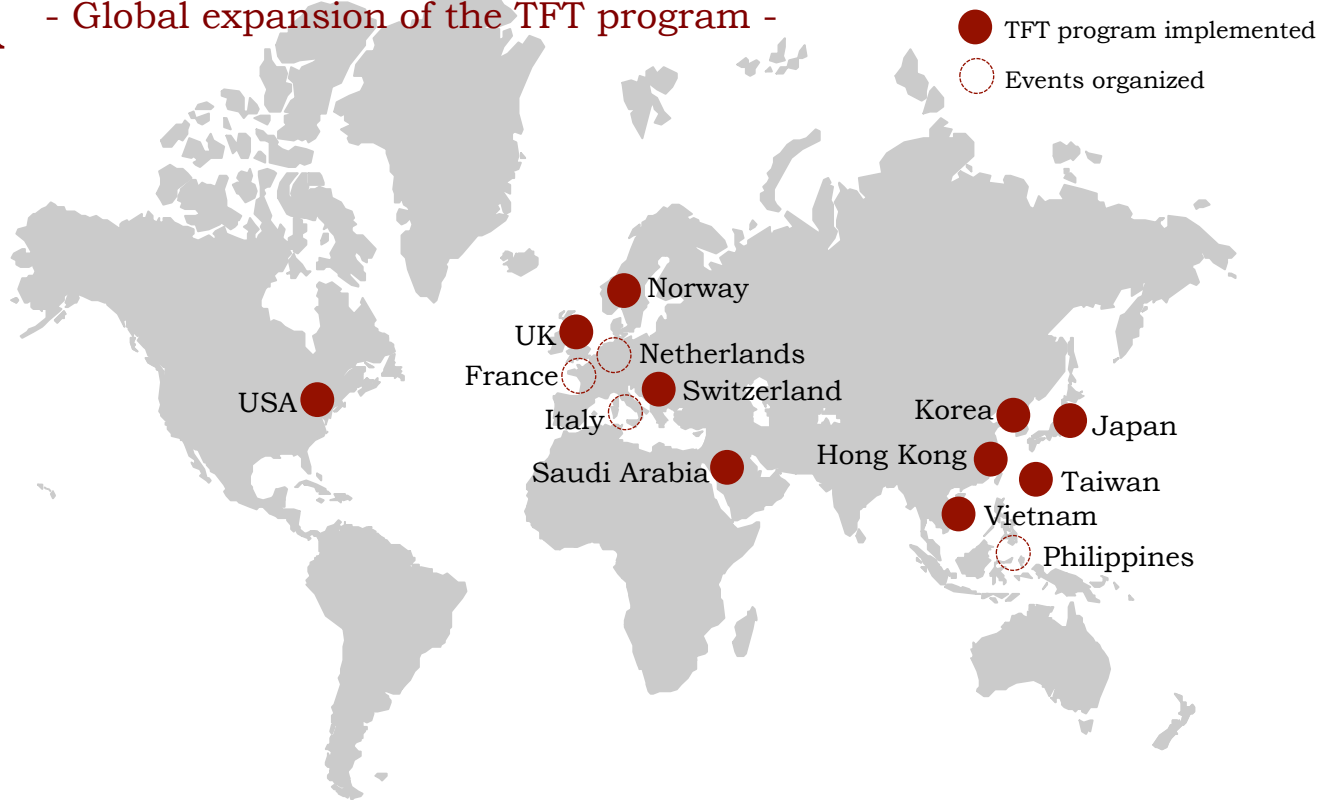

TABLE FOR TWO USA
